**Platte County R-3 School District
Platte City, Missouri
Northland Workforce Development Center Project**

PURPOSE

This RFP is for Construction Manager at Risk (CMAR) Services for the construction of a Northland Workforce Development Center (NWDC).

Congratulations for being chosen as a finalist for an interview. Interviews should last a total of **70 minutes**. The interviews will utilize the following routine: (You may bring a maximum of 8 people from your team)

*Introduce your team and what role each will play in our projects. **(5 min)**

*Describe your approach to performing pre-construction services including cost estimating capabilities and scheduling techniques. List all preconstruction services your firm provides and the value this will bring to the project(s). **(10 min)**

*Demonstrate your ability to ensure high quality trade contractors and competitive pricing so that the Platte County School District will receive great value from each construction trade. **(10 min)**

*Describe your approach to performing construction administration and management that will provide great value and ensure a level of quality better than your firm has ever performed. **(10 min)**

*Describe your approach to controlling the project construction budget and schedule, and your approach to performing quality assurance/quality control during construction, and your approach to achieving project close-out (commissioning, punch-list completion, and warranty work). **(10 min)**

*Describe your approach to how you will support the capital campaign goal of raising \$30,000,000 in matching funds. Please provide specific examples and strategies for this project and past examples that have worked. **(10 min)**

You may use the time provided above to demonstrate a plan of how you will successfully meet the budget and schedule for the NWDC Project. You may also choose to rearrange the order of the topics above and adjust the time allotted for each category as long as you cover the all topics listed and stay within the total time constraints.

*Q&A **(15 min)**

In accordance with RSMo. Chapter 8.675-8.687, 67.5050, the Platte County R-3 School District intends to hire a construction firm to provide full range Construction Management at Risk (CMAR) services during the planning, design, and construction phases associated with an

anticipated construction of the NWDC. Funds to construct this center will be raised to match a \$30,000,000 state allocation provided by the State of Missouri to construct an all-in \$60,000,000 facility in a centralized location in the Northland.

You are requested to submit cost proposals as indicated in this RFP prior to your interview time.

POTENTIAL PROJECT SCOPE

The proposed project is listed below. Estimated construction only costs are listed below and can be used for fee purposes. Actual project budgets could vary and will be determined through working with our assigned design and construction firm. Provide fee for overhead & profit, preconstruction services, reimbursables and general conditions based on the attached cost allocation matrix, Attachment “B”.

This project is contingent upon raising a matching \$30,000,000. This initial project plan was developed using feedback from a variety of Northland stakeholders. Planning, design and construction services will be considered as follows:

- The Construction of a 145,000 square foot Northland Workforce Development Center. The NWDC will be placed on approximately 12-15 acres and will require approximately 475 parking stalls to best serve large events in the designated expo space.

Total “all-in” budget for land purchase, design, soft costs and construction for this project is estimated to be **\$60,000,000**. Estimated construction cost is **\$50,000,000**.

If there are any other potential costs not listed above, please make a note indicating such and list them out individually. All potential costs associated with the CMAR must be identified and listed to be considered for selection.

SUBMITTING YOUR RESPONSE

Your response should follow the sections outlined above and be concise. **Failure to follow any of the RFP's instructions could nullify your response from consideration.** Parties are requested to sign the proposal, and, when in the name of a company, by an officer whose title is shown.

Ownership of all data, materials, and documentation originated and prepared for the District pursuant to the RFP shall belong exclusively to the District and be subject to public inspection in accordance with the Missouri Sunshine Law.

The deadline for submitting your response will be no later than **1:00 PM on December 5, 2022**. Proposals will be read publicly at the same time and firms can attend the public opening if they choose. Proposals received after this date and time will not be considered.

Submissions shall be emailed to nollerb@platteco.k12.mo.us.

Proposal questions or clarification prior to submission may be directed to Brian Noller, Director of Community, School, and Business Partnerships at nollerb@platteco.k12.mo.us or (816) 206-8750.

RESERVATIONS

The Selection Team and the Platte County R-3 Board of Education reserve the right to reject any and all proposals, waive informality and any technicalities or clerical error in any proposal as the interest of these entities may require, and they will select the proposal which, in their judgment, provides the best value in meeting the requirements of the project.

All costs incurred in the preparation of the response to this Request for Proposals will be the sole responsibility of and borne entirely by the submitter. All responses to this Request for Proposals become the property of Platte County R-3 School District and will be part of public record.

CONTRACT NEGOTIATIONS

Platte County R-3 School District will attempt to negotiate and contract for services described in this RFP solicitation with the most qualified firm providing the overall best value. If an agreement cannot be reached, there will be an attempt to negotiate a contract with the next most qualified firm. This process will continue until an agreement is reached.
