Evacuate

Violent Intruder Training Overview

- Required by the State of Missouri
- Shift in verbiage Active Shooter vs. Violent Intruder
- Needed training for all employees in case of an emergency
- Building specific training
- Building out our Emergency Operations Plans district-wide
- Balance between “Safe and Caring Environment” and “Hardening” our schools
- Starting our training at ground level

Violent Intruder Training

Objective: The objective of our violent intruder training is to teach PCR-3 staff proactive strategies that will increase the chances of survival and gain confidence in their ability to respond to stressful situations appropriately.

Awareness and Communication
