MEMORANDUM

September 11, 2024

TO: 30-083-0003 Platte County R-III School District

RE: Setting of 2024 Property Tax Rates

The following are the tax rate computational forms that have been reviewed. Please follow the steps below to complete the process of setting your 2024 Property Tax Rate(s).

1. **Lines G - BB on the Summary Page should be completed** to show the actual tax rate(s) to levy.
2. Please **sign and date the Summary Page**.
3. Please **submit the finalized tax rate forms ready for certification to the County Clerk of each county** that your political subdivision resides in. The County Clerk must also sign the Summary Page and indicate the proposed tax rate to be entered on the tax books before submitting rate(s) to the State Auditor's Office for final review and certification.

If the attached pro forma calculation differs from the questionnaire submitted for review, please review the following line items for the reason(s) for the difference.

- **Form A, Line 2b - New Construction & Improvements - Personal Property**

Section 137.073.4, RSMo, states that the aggregate increase in valuation of personal property for the current year over that of the previous year is the equivalent of the new construction and improvements factor for personal property.

- **Form A, Line 5 - Prior Year Assessed Valuation**

If the 2024 questionnaire has a different amount on Form A, Line 5 than was previously submitted, we had to revise the 2023 calculation for this change. The revised 2023 tax rate ceiling is listed on the 2024 Summary Page, Line A. A copy of the revised 2023 calculation is available on your menu screen; please keep this form for your files.

- **(SCHOOL DISTRICTS ONLY) Form A, Line 14**

We revised the information the school district submitted on Line 14 to the amount computed by the Department of Elementary and Secondary Education (DESE).

If you have any questions about the enclosed forms, please contact the local government section at (573-751-4213.)

Calculation of New Voter Approved Tax Rate or Tax Rate Increase

Since the prior year tax rate computation, some political subdivisions may have held elections where the voters approved an increase to an existing tax or approved a new tax. Form B is designed to document the election.

1. Date of election 04/02/2024

2. Ballot language Attach a sample ballot or state the proposition posed to the voters exactly as it appeared on the ballot.

Shall the Board of Education of Platte County R-III School District be authorized to: (a) fully waive the Proposition C operating tax levy roll back as provided under Section 164.013 RSMo and (b) increase the operating tax levy ceiling by \$0.0455 per \$100 of assessed valuation according to the 2024 assessment for operating expenses of the District, including increasing compensation for employees in order to attract and retain quality faculty and staff?

If this question is approved, the operating property tax levy of the District is estimated to be \$3.8404 per \$100 of assessed valuation, and the District expects to reduce its debt service property tax levy by an amount that is estimated to result in no net increase in the District's total property tax levy, which is estimated to remain unchanged at \$5.0193 per \$100 of assessed valuation.

3. Election results 1855 1269 (Yes) (No)

4. Expiration date Enter the last year the levy will be in effect, if applicable.

5. New Proposition C waiver Indicate whether the district obtained a new waiver to eliminate part or all of the required Proposition C Reduction.

Indicate the election results on the Proposition C waiver (Yes) (No)

6. Amount of increase approved by voters (An "increase/decrease of/by") OR (a) 0.0455

Stated Rate Approved by Voters (An "increase/decrease to") (b)

7. Prior year tax rate ceiling or voluntarily reduced rate to apply voter approved increase to (Summary Page, Line A if increase to an existing rate, otherwise 0) 3.4169

8. Voter approved increased tax rate to adjust (If an "increase of/by" ballot, Line 6a + Line 7, if an "increase to" ballot, Line 6b) 3.4624

Debt Service Calculation for General Obligation Bonds Paid for with Property Taxes

The tax rate for debt service will be considered valid if, after making the payment(s) for which the tax was levied, the bonds remain outstanding, and the debt fund reserves do not exceed the following year's payments.

Since the property taxes are levied and collected on a calendar year basis (January - December), it is recommended that this levy be computed using calendar year data.

1. Total current year assessed valuation obtained from the county clerk or county assessor (Form A, Line 1 total)	812,183,723
2. Amount required to pay debt service requirements during the next calendar year (i.e. Assuming the current year is year 1, use January - December year 2 payments to complete the year 1 Form C) Include the principal and interest payments due on outstanding general obligation bond issues plus anticipated fees of any transfer agent or paying agent due during the next calendar year.	14,611,506
3. Estimated costs of collection and anticipated delinquencies (i.e. collector fees & commissions & assessment fund withholdings) Experience in prior years is the best guide for estimating uncollectible taxes. It is usually 2% to 10% of Line 2 above.	1,461,150
4. Reasonable reserve up to one year's payment (i.e. Assuming the current year is year 1, use January - December year 3 payments to complete the year 1 Form C) It is important that the debt service fund have sufficient reserves to prevent any default on the bonds. Include payments for the year following the next calendar year, accounted for on Line 2.	4,305,900
5. Total required for debt service (Line 2 + Line 3 + Line 4)	20,378,556
6. Anticipated balance at end of current calendar year Show the anticipated bank or fund balance at December 31st of this year (this will equal the current balance minus the amount of any principal or interest due before December 31st plus any estimated investment earning due before December 31st). Do not add the anticipated collections of this tax into this amount.	9,752,417
7. Property tax revenue required for debt service (Line 5 - Line 6) Line 6 is subtracted from Line 5 because, the debt service fund is only allowed to have the payments required for the next calendar year (Line 2) and the reasonable reserve of the following year's payment (Line 4). Any current balance in the fund is already available to meet these requirements so it is deducted from the total revenues required for debt service purposes.	10,626,139
8. Estimated revenue from state assessed property for debt service for the next calendar year (January - December) - must be estimated by the school district. In most instances a good estimate would be the same amount as the state assessed revenues actually placed in the debt service fund in the prior year.	706,021
9. Revenue required from locally assessed property for debt service (Line 7 - Line 8)	9,920,118
10. Computation of debt service tax rate (Line 9 / Line 1 x 100) Round a fraction to the nearest one/one hundredth of a cent.	1.2214
11. Less voluntary reduction by school district	
12. Actual rate to be levied for debt service purposes * (Line 10 - Line 11) Enter this rate on Line AA of the Summary Page	

* The tax rate levied may be lower than the rate computed as long as adequate funds are available to service the debt requirements.
