To: Board of Education
From: Ashley Jones, Executive Director of Human Resources
Date: May 16, 2024
Subject: Board Policy Revisions – GCBDA, GBDBA, and GCBA

I am writing to provide a recommendation regarding the revisions to several Board policies, including GCBDA, GBDBA, and GCBA. These revisions are necessary due to the recent adoption of the 236-day work calendar and the enhancement of opportunities for certified employees to earn Professional Growth Credit (PGC) for PCR-3 professional learning opportunities.

With the addition of the 12-month, 236-day work calendar, revisions to the holiday and vacation sections of Board policies GCBDA and GBDBA are required to reflect these changes accurately.

Additionally, we are excited to enhance opportunities for certified employees to earn Professional Growth Credit (PGC) for PCR-3 professional learning opportunities that align with our building and district strategic goals. This change is reflected in the revisions to Board policy GCBA.

I recommend that the Board approve revisions to Board policies GCBDA, GBDBA, and GCBA following the second reading of these policy revisions.

Please let me know if you have any questions or require additional information.
