Dr. Pamela Dawson – Vice President of Education

March 19th, 2025

Dear District Partner,

I am writing to inform you of a few important items as we move into our final semester of KVC Academy 2025-2026 and prepare for the new school year. I am so proud of the Academy accomplishments over the past year, and love hearing stories of growth and academic success across the state. Our partnership with your district has been so impactful to the students we serve. We do have a KVC Academy Facebook page. We encourage you to like and follow, to see all the latest happenings across the state.

Below is the rate schedule for your local Academy for the 2025-2026 school year. You will see a slight increase due to the following.

- A market analysis of salaries to meet state minimum requirements, minimum wage guidelines, and market compatibility.
- An increase in food costs, supplies, cleaning materials, and curriculum.
- Additional support staff such as nursing, regulation coaches, process coordinators, and case managers. I am sure you are all feeling the same budgeting constraints, so can understand our continued need to increase just slightly each year. If you have any questions, please reach out to me or your local KVC Academy Director. We look forward to your continued partnership and commitment to serving our most precious assets.

Service	Fee	Duration
Education Services (tuition, supplies, curriculum, therapy, etc.)	\$225.00	Per Day of Enrollment
1:1 Paraprofessional (<i>If applicable per IEP</i>)	\$215.00	Per Day of Enrollment
Speech/Language & OT services (<i>if applicable per IEP</i>)	\$95.00	Per Hour

Yours in Education,

Dr. Pamela Dawson, VP of Education
