Location	Item Description	Quantity	Condition
NCC	Kjeldahl Distillation Bulb 50 mm	2 Boxes	Good

Surplus Property List For September Board of Education Meeting (9/21/2023)

General information:

School Bus unit 14 is a 2014 International Bus with a lift and air conditioning (VIN #: 4DRBUSKN4EB792081). The unit has a MaxForce diesel engine and currently has 166,600 miles on it. The unit has had a history of maintenance issues, primarily related to the MaxForce engine, which has already been replaced. Currently Unit 14 will start, but will not function to drive. With the acquisition of the lift bus (scheduled delivery in June 2023), the unit 1 has become expendable. In conversations with our bus dealer partners, the consensus was that a sale starting bid of \$6,000 is appropriate.

Surplus Property List For September Board of Education Meeting (9/21/23)

Location	Item	Vehicle Identification Number / Description	Condition
Transportation Lot	2014 International Bus with lift and air conditioning	VIN #:4DRBUSKN4EB792081 MaxForce Diesel Engine 166,600 Total Miles	Below Average
