Hiring additional resource staff to help students with special needs	38.3%	78.3%	11.3%

STATEMENTS ABOUT A PROP C ROLLBACK PROPOSAL

Our kids need the same educational opportunities as those in neighboring districts. It is important that we provide our educators with the resources they need.

Great schools are a source of pride for our community - we must provide them with necessary funding.

With the cost of everything going up, it only makes sense that our district needs more funding to keep up with salaries and programs.

By eliminating this Prop C rollback, our district will have the full use of the tax rate that was approved by voters.

Passing this Prop C proposal will cost owner of a \$200,000 house a little over \$2 a week. That's not much to pay to maintain the quality of our school district.

There are 518 school districts in Missouri. Only 26 have not passed this Prop C. proposal. It only makes sense for our district to join the 95% of districts that have passed this proposal.

With all the uncertainty in the economy, now is just not a good time to place a proposal on the ballot.
